Weekly Meetings

Block off a day and time your entire team could meet during the week if necessary to complete group work.

Day: Friday

Time: 4 pm – 6 pm

Project Roles

IMPORTANT: Every group member must take on the responsibility of team lead for at least one project milestone, and all students will work on multiple aspects of the project during each milestone (not just their role responsibilities).

Primary Role Responsibilities:

- **Team Lead**
 - Ensure all milestone tasks are being met (read through the milestone rubrics)
 - Communicate with team members to make sure everyone is completing their tasks and working toward the milestone completion
 - Drive presentations
- **Project Manager**
 - Plan and distribute milestone tasks
 - Ask what other team members need to complete their tasks, and provided it (if possible)
- **Technical Lead**
 - Gather technical requirements (what is needed to complete the milestone tasks?)
 - Solve problems
 - Work on the technical aspects of the project (engineering, tools, etc.)
- **Creative Lead**
 - Consider how users will interact with your project
 - Product design (color scheme, sketches, etc.)

Note: if your group has 5 students, the fifth role may be another technical or creative person.

Project Milestone	Team Lead	Project Manager	Developer	UX/UI Designer	
Milestone 1	ST	JT	JT/PO/BM/ST	PO	
Milestone 2	JT	BG	JT/PO/BM/ST	ST	
Milestone 3	BG	PO	JT/PO/BM/ST	JT	
Milestone 4	PO	ST	JT/PO/BM/ST	BG	
Milestone 5	ST	JT	JT/PO/BM/ST	PO	
Milestone 6	JT	BG	JT/PO/BM/ST	ST	
Milestone 7	BG	PO	JT/PO/BM/ST	JT	
Milestone 8	PO	ST	JT/PO/BM/ST	BG	

At the mid-semester project proposal and upon project completion, each group member will evaluate every other member of the project team. The following rubric (left table) will be used in the assessment process. The additional expectations (right table) may be filled in and agreed upon by all group members, but will not be graded.

NOTE: Peer assessments may retroactively affect a student's grade for prior group deliverables. For example, if it is shown that a student did not appropriately contribute to the work of a milestone deliverable, the student will only receive a portion of the original group milestone grade, subject to instructor discretion based on available information.
